

MediTread - Medical Boot Cover

Price: \$12.25

Short Description

MediTread is a heavy-duty boot cover designed to keep your medical walking boot and foot clean and dry. The upper portion is a thick, durable nylon with an interior coating of polyurethane to keep moisture from entering the boot cover. The ASTM safety rated sole material is non-skid and sized to accommodate wide medical devices and casts.

Description

Our cover is a universal design that will fit most brands on the market. If there is any question as to whether it will work for your particular boot, please contact our office and we would be happy to help.

- Fully Enclosed Sole Area
- Elastic Closure—Stays in Place
- Made in USA
- Machine Washable
- Indoor/Outdoor Use
- Average Lifespan 3 to 6 Months
